

Installing the Standard Footrest

Step 1. Remove the 2 screws from the footrest attachment.

Step 2. Install the footrest legs into the chair's 2 front feet holes.

Replace the screws through the bottom of the chair feet. (Make sure footrest canvas is facing up.)

Step 3. Buckle the Straps around the chair armrests.

Tools required - Phillips screwdriver

NOTE: When storing your canopy chair, you can leave footrest on and fold it up with the chair inside the canopy.
